MPS1203 Portable Beam Scale

Features

The MPS1203 is a rugged and economical mechanical scale for industrial and commercial weighing. This scale has a 500 kg / 1000 lb capacity and features cast iron base construction, a large weighing platform, and is mounted on wheels for easy portability.

These features make this scale ideal for a wide variety of general weighing applications. Open-face poise with pointer and easy-to-read graduations clearly shows exact weight. Set screw holds poise firmly in place when preset.
