

Model 2441

Mechanical Pediatric and Infant Scale

16 kg x 100 g

MADE IN USA

Perfect for hospitals, pediatrician's offices, clinics, or the home nursery, Detecto's model 2441 pediatric and infant scale features a 16 kg capacity with 100 g increments. These sturdy mechanical scales are engineered with the active baby in mind and are built with the uncompromising quality you expect from Detecto.

The white metal tray holds infants comfortably, while the beam is easy to read with blue graduations and numerals on a white background. This scale also comes in 20 lb x 2 oz and 10 kg x 50 g models.

MODEL 2441 FEATURES

- Springless, balance beam
- Easy-to-read, blue graduations on white background
- Standard weight also available

Economical, compact beam scale
