Shipping Weight:	13 lb / 6 kg

Detecto's reliable DR400-758C digital physician scale is lightweight, portable, and battery powered, making it perfect for mobile clinics, home care nurses, or wherever a portable scale with Body Mass Index is needed. The unit has a slip-resistant, textured mat to ensure patient safety when getting on and off the scale.

The remote digital indicator comes with a wall-mount bracket and easily mounts on a counter top or wall. The indicator features a large 0.5" / 12.7 mm high-contrast LCD, selectable units, Body Mass Index, pushbutton and keypad tare, and automatic display lock. The DR400-758C quickly calculates Body Mass Index by simply entering the patient's height while weighing.

Optional Wall-Mount Height Rod

Model 3PHTROD-WM

Measures 30 - 78 in and 76 - 198 cm

Optional Black Carrying Case

Model DR400C-CASE

Carrying case with handle protects the DR400-758C scale for easy transport.

DR400C Patient Scale

Accurate and reliable, Detecto's economical DR400C platform scale is lightweight and portable, perfect for mobile clinics and home care nurses. The remote indicator features a large 1" display, units conversion, and tare. Battery powered so you can have a scale anywhere you need it.

GP-400-758C Portable Scale

The perfect scale for those who need a lightweight, portable scale.

The GP-400-758C, with its detachable indicator and carrying handle, is very lightweight. The large, easy-to-clean platform incorporates a slip-proof mat which, when combined with its nonskid plastic feet, assures stability.

This large capacity, general purpose scale, with its exceptionally sensitive graduations, features automatic zero, auto power off, and motion detector. The indicator has a large, easy-to-read LCD display and operates on conventional "C" size batteries. Instructions are printed on the keypad, making it simple to use.
